Michael Flowers

Project Executive

American Bridge/Fluor Enterprises, a JV

375 Burma Road

Oakland, CA 94607

Dear Michael Flowers,

Department Audit - Zhenhua Port Machinery Company (ZPMC) - ChangXing Island

In accordance with Section 8-4.01, "Audits," of the Special Provisions, the Department completed an audit of the Zhenhua Port Machinery Company, Ltd's ChangXing Island facility on January 15, 2008. Based upon this audit, the facility was to receive a "Contingent Pass" pending submittal of updated equipment calibrations. Before the results of this audit could be formalized, it was requested that a follow up audit be performed to confirm that the previous deficiencies were corrected. This audit was performed on January 30, 2008. Based upon the results of these two audits, this facility has demonstrated the capability to perform the hot forming of the SAS Tower diaphragm flange plates. This facility is receiving a "Pass" for the use of the hydraulic press and furnaces 3, 4, 5, and 6 only. Furnace 1 and 2 are not adequate for use on this Project.

If you have any questions, please call Dr. Mazen Wahbeh, Structure Materials Representative at (818) 292-0659.

Sincerely,

A handwritten signature in blue ink, appearing to read 'G. Pursell'.

GARY PURSELL

Resident Engineer
